

We are back to full time-OPEN!

As of 4/25/2020 the Mississippi State Board of Dental Examiners has notified us that we can gradually go back to work beginning 4/27/2020. We are following all COVID-19 protocols and sterilizations guidelines to the letter. When you call, we'll let you know when we can schedule that procedure. We also have to check you in from the car. So when you pull in, don't get out of the car, but call us to let us know you are here and we will come out to get you. We will be calling you to reschedule your cleanings and postponed work but feel free to call or email for anything you may need, as well as set up your dental appointment.

Looking forward to seeing you!!
Stay Safe!!!!
